Greetings:

PROJECT: VetRelief is the future of veterans' services; you are now a part of that future!  
Thank you for your generous donation of \$350.00!

Our service men and women confront major systemic issues on a daily basis - unemployment, homelessness, poverty, difficulties accessing benefits, and feelings of isolation, to name a few. PROJECT: VetRelief opposes these problems by addressing a service member's need in a time of crisis, working to secure benefits to get them back on track, and having a support system at the ready, all serving to lessen the burden carried by our service men and women and deter these major issues from affecting their lives.

We provide all of our services to active duty military, our veterans, and their families at no cost therefore we rely heavily on the generosity of leaders in our community - just like you!

Your support enables us to continue our mission of providing a Legion of support to our service men and women as they transition into civilian lives. Because of you, we can engage additional volunteers, conduct community outreach, implement new programs, and, most importantly, provide much needed emergency assistance and benefits support to more of our service members and their families across the state.

Thank you again for your support! We are proud to have you at our side, **Fighting the Good Fight** for our service men and women and their families.
